

# NutriVeg®

**ALL NATURAL, ORGANIC FERTILIZER**

**NutriVeg is an all-purpose, high-performance granular fertilizer reviewed and allowed for use in organic growing by MOFGA (Maine Organic Farmers and Gardeners Association).**

### **How To Use**

#### **Vegetables, Fruits, Herbs and Flowers:**

Apply in spring after tilling or turning your soil and prior to planting. Use 1-2 lbs. per 100 sq. ft. Work lightly into top 2-3 inches of soil. Reapply in late spring and early summer by broadcasting or sprinkling around plants as needed. Apply each time you plant a new crop. Improve plant hardiness and stress management by applying Guarantee® Organic liquid kelp extract during the growing season.

One pound of product is roughly 3 cups.

#### **Established Gardens:**

Side dress along rows, or scatter lightly and evenly over soil surface, then rake lightly into soil using handrake or hoe. Use 1 lb per 100 sq. ft. Apply in spring and early summer.

## 5.4.4

### **GUARANTEED ANALYSIS**

**Total Nitrogen (N)** . . . . . **5.0%**  
0.50% Water Soluble Nitrogen  
4.50% Water Insoluble Nitrogen  
**Available Phosphate (P<sub>2</sub>O<sub>5</sub>)** . . . . . **4.0%**

**Nitrogen: 5.0% organic (5.0% natural)**

Florida License Number: F 1409

#### **Fruit and Other Trees:**

Apply 1 cup per inch trunk diameter in spring under branch tips where the feeding roots lie, and work lightly into soil. A second application in early summer will be helpful for poor soils or where trees are under stress.

#### **Storage**

Store in a dry location. Keep out of reach of children. Reclose after use.
